INDEX TO THE EIGHTY-SEVENTH AND EIGHTY-EIGHTH VOLUMES

The alphabetical arrangement of the subject matter is modified in some instances by the grouping of related topics under such headings as Agriculture, Brain Trust, Business and Industry, Congress, Education, Oil, Prices, Prohibition, Railroads, Recovery, Travel, Unemployment, War Debts. So far as space permits, cross-indexing of topics to general headings has been used. For material involving various countries it will be best to look under the names of those countries.

Pictures of interesting personalities are grouped under the heading "Portraits," on page xi of this index.
